

World Chlorine Council Safety Seminar

25-26 July 2018

Esplanade Hotel Fremantle by Rydges | Perth, Western Australia

It is with great pleasure the World Chlorine Council (WCC), in partnership with Australian producers Coogee, Ixom and NuFarm, invite you to the WCC Safety Seminar in beautiful Perth, Western Australia.

The seminar will include topics such as Jack Rabbit (catastrophic release of chlorine modeling), Process Safety Management, Employee Engagement/Training, Accidental Mixing, Mechanical Integrity, Lessons Learned, and more. A facility tour is scheduled at Kwinana Chlor Alkali facility near Perth. The seminar will be information-packed and a forum to share experiences and knowledge. We look forward to a productive and worthwhile event.
